SII-396   2 Days (14 Hours)

Description

The ISO/IEC 27001 Foundation training allows you to learn the basic elements to implement and manage an information security management system as specified in ISO/IEC 27001. During this training, you will be able to understand the different modules of the ISMS, including the ISMS policy, procedures, performance measures, management commitment, internal audit, management review and 'continuous improvement. After completing this course, you can sit for the exam and apply for the "PECB Certified ISO/IEC 27001 Foundation" credential. A PECB Foundation certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.
