

## ISO/CEI 27002 Foundation

SUP-40 2 Days (14 Hours)

### Description

The ISO/IEC 27002 Foundation training will allow you to understand the fundamental elements for implementing information security measures, according to the ISO/IEC 27002 standard. During this training, you will learn how ISO/IEC 27001 and ISO/IEC 27002 are corresponding to ISO/IEC 27003 (Guidelines for the implementation of the information security management system), ISO/IEC 27004 (Information security management - Monitoring, measurement, analysis and evaluation) and ISO/IEC 27005 (Information security risk management). After completing the training, you can take the exam and apply for the title of "PECB Certified ISO/CEI 27002 Foundation". The PECB Foundation certification certifies that you have understood the fundamental methods and management approach.
