ISO 50001 Lead Auditor "Energy Management"

★★★★★

DD-27   5 Days (35 Hours)

Description

ISO 50001 Master Audit training will enable you to develop the essential skills to carry out Energy Management System (AMS) audits using generally accepted auditing principles, procedures and techniques.

During this training, you will learn how to plan and conduct internal and external audits in accordance with ISO 19011 and the ISO/IEC 17021-1 certification process, as well as effective auditing techniques.

Through practical exercises, you will learn how to manage audit programs, audit teams, client communication and conflict resolution. After gaining this expertise, you will be able to take the exam and earn the title of **"PCEB Certified ISO 50001 Lead Auditor"**. This certificate will demonstrate that you have the skills necessary to audit organizations in accordance with auditing best practices.

Who is this training for ?

For whom

All audiences
