

Certification with tutoring of the Training Officer cycle

FE-2 0 Days (5 Hours)

Description

The FFP Professional certification allows you to become professional and obtain recognition from the Professional Training Federation. Delivered by a jury of Skills Campus experts, the certification is backed by a professional framework and recognized in the business world. The FFP Professional certificate validates the training acquired and certifies mastery of a function, an activity or a profession. It allows you to promote the experience acquired in a professional career. This certification is intended for anyone participating in the cycle.
